

# Class of 2011 Senior Gift Project

Each spring Herron High School's graduating class chooses a special gift for the school. The students must work together to raise the funds to provide the gift. The project unites the students in a common cause and allows them to mark their time as a member of the Herron community. The Class of 2011 has chosen to raise funds to place a flagpole and plaza on the school's front lawn along the 16th Street Corridor. The plaza will provide a seating area so the flagpole becomes a special gathering place.

The project is estimated to cost approximately \$9000. In order to raise funds, the Senior Class is sponsoring the first annual flowering plant sale, just in time for Mother's Day. Please help support this project by purchasing bedding plants, flower pots and flowering baskets from a Herron High School student.

**Orders are due May 2nd. Payment must be made at the time of order. Please use order form provided**

***Flowering plants make wonderful gifts! Remember Mom with flowers that will last all season long!***

*Don't want to purchase any flowers but want to support the students? Donations for the project are gratefully accepted. Please indicate your desire by noting "Flagpole" with your payment.*
